

# Ambitious City Promises

The project, implemented by the ICLEI-Local Governments for Sustainability, will provide assistance to project cities in Indonesia, Philippines and Vietnam establishing and implementing GHG emissions reductions strategies, taking into account the cities' development pressures and local context while also emphasizing the importance of citizen engagement and working with relevant national ministries.

## OBJECTIVES

Support selected large cities in Indonesia, the Philippines and Vietnam to establish strong greenhouse gas emission reduction commitments, local climate action plans directed by concrete targets, enhanced multi-stakeholder engagement, and integrated strategies

## COMPONENTS

- I. Assessment of cities' LED profile and setting up baselines
- II. Stakeholder engagement in model cities
- III. Development of LED strategies, capacity building, and climate action plans and formulation of the "City Promises"
- IV. Outlining and starting implementation of the "City Promises"
- V. Dissemination and scaling up of project process and achievements
