

FMP

Forestland Management Project (FMP)

FMP is a ten-year Department of Environment and Natural Resources (DENR) - Japan International Cooperation Agency (JICA) project that aims to strengthen forestland management in three critical river basins through the implementation of collaborative and comprehensive Community- Based Forest Management (CBFM) strategies.

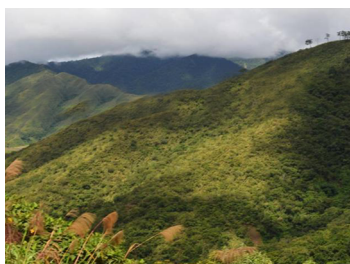

OBJECTIVES

- Rehabilitate degraded forestlands in three critical river basins (Upper Magat and Cagayan, Upper Pampanga and Jalaur)
- Improve forest conservation and socio-economic conditions of affected communities
- Contribute to disaster risk mitigation efforts in vulnerable areas
- Strengthen forestland management through community-based management strategies
 - A.** Empower people's organizations
 - B.** Secure land tenure rights
 - C.** Develop enterprise for food security and income
 - D.** Develop, conserve and protect the sustainable use of forestland resources

COMPONENTS

- I.** Facilitating comprehensive site development.
 - I.** Conducting surveys, mapping and planning.
 - II.** Organizing communities.
 - III.** Developing project sites.
 - IV.** Supporting agroforestry facilities.
- V.** Formulating policies for the Watershed Management Council (WMC).
- VI.** Monitoring and evaluation.
- VII.** Conducting project management.
- 2.** Providing consultancy services.

GRANT	PH ₱ 5.87 B
FUND SOURCE	Japan International Cooperation Agency (JICA)
DURATION	March 2012 - March 2022
